

Alaskan Way Viaduct REPLACEMENT PROGRAM

March 2015

Long-term SR 99 lane closures for sign foundation installation: Beginning March 11, for approximately 12 weeks

Lane closure details

- Beginning March 11, crews building the future north portal of the SR 99 tunnel will close a single lane of SR 99/ Aurora Avenue North in each direction between Valley Street and the Aurora Bridge.
- Crews will use the lane closures to install foundations for several large sign structures.
- Trips may take longer than normal since buses will travel and stop in the outside lanes with other vehicle traffic. The southbound bus-only lane restrictions will be lifted during this work.

Night work and weekend lane closures

- In order to expedite the construction schedule, an additional lane may close at night and during some weekend days.
- Some of this work is unavoidably noisy and may be disruptive. Residents with concerns related to nighttime noise may call the onsite inspector at 206-305-6967.

Overnight closures – Monday, March 9

- Northbound SR 99 will be fully closed overnight Monday, March 9 (10 p.m. to 6 a.m.) between the south end of the Battery Street Tunnel and Valley Street while crews straighten a portion of the roadway to create a smoother transition in the work zone.

Americans with Disabilities Act (ADA): Materials can be provided in alternative formats for people with disabilities by contacting Shawn Murinko at 360-705-7097 or murinko@wsdot.wa.gov. Persons who are deaf or hard of hearing may contact the Office of Equal Opportunity through the Washington Relay Service at 711.

Title VI Information: WSDOT ensures full compliance with Title VI of the Civil Rights Act of 1964 by prohibiting discrimination against any person on the basis of race, color, national origin or sex in the provision of benefits and services resulting from its federally assisted programs and activities. For questions regarding WSDOT's Title VI Program contact Jonté Sulton at 360-705-7082 or SultonJ@wsdot.wa.gov.
